

Map #1

Monday:

1. Name the five elements that are shown on the map.
2. What does the title tell you about the map?

Tuesday:

1. How many states are part of the contiguous United States? Which states are **not** contiguous?
2. Name the cardinal and intermediate directions shown on the compass rose.

Wednesday:

1. What is another name for a legend? What kinds of things are shown on the legend?
2. Name the two countries that border the United States. Which elements help to identify them?

Thursday:

1. Why is the inset map of North America included?
2. Use the scale and a ruler to find the approximate distance from Denver to Lincoln. Measure to the nearest $\frac{1}{4}$ inch.

Friday:

1. Use the scale and a ruler to find the approximate distance from Raleigh to Little Rock and then to Austin. Measure to the nearest $\frac{1}{4}$ inch.
2. Use the scale and a ruler to find the approximate distance from the nation's capital to the capital of California. Measure to the nearest $\frac{1}{4}$ inch.

Challenge:

Write two questions about the distance between capitals. Be sure to measure and include your answers.
